

# Cleft Palate Party

The Cleft Palate Program Party has grown into one of the hospital's largest holiday events. Plastic and reconstructive surgeon Allan Perry, Jr., MD, shuts down his private practice and brings his entire office staff to the hospital to volunteer at the party. Dr. Perry personally photographs each child with Santa. Surgeons Alan Tran, MD, and Thuan Nguyen, MD, travel from offices in Orange County to spend the afternoon handing out gifts.
